Protishabda

Visualizer

Worked as a an Assistant Creative Director with clients like Arla, Sanofi, Nestle (Maggi) and some other brands.

May 2005 - Aug 2007

I used to work in top advertising agencies in Bangladesh dealing with prestigious brands like Maggi (Nestle), Sanofi, Citycell (Telco), Radio Fooorti and other national and international brands.

Later, I started working as a freelance web designer and Developer with tools such as WordPress, Elementor Pro, Shopify, HTML5 and CSS.

From 2020, I have been working in the marketplaces like Fiverr and Upwork. My services include Full Website designs and Development using tools like HTML5, CSS, JavaScript, WordPress, Elementor Pro for WordPress, and Shopify Store Development. Besides, I do Speed Optimization for websites and ensure the ultimate results. I also give services like converting PSD/X-D/Figma files to Websites efficiently.

Besides, creating Shopify websites with popular themes or page builders are my special expertise.

I also give services like Shopify Speed Optimization, Product Uploads, Winning Product Research, Desers App integration and many other services.

Education
